32

Collect a set of 3 cards of the same colour. If you want the same cards as another player, you will have to sword fight for it! The different cards indicate how to fight. Sometimes you will have to fight with 2 or 3 cards at the same time. Be the first to collect 3 sets and win! This game is 100% suitable for both children and adults. Age or height do not matter. Nor do you need to have any experience in sword fighting. The only requirement is that you enjoy hitting others with a sword (made of foam rubber) and getting hit yourself.

Suggested Age: 7-9 years

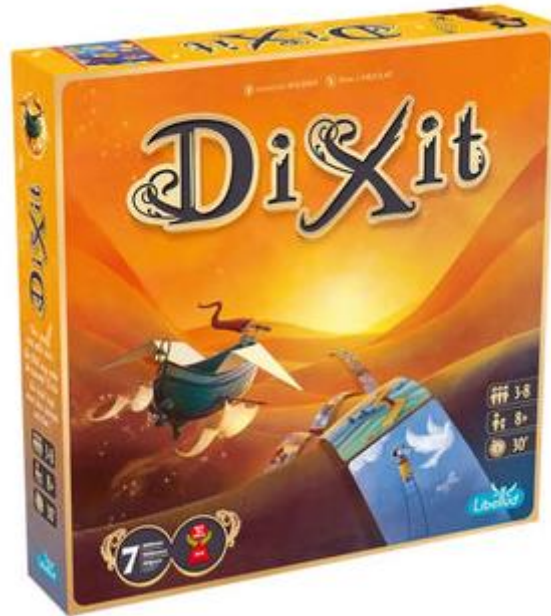

33

Ghost Castle is an exciting escape game set in a 3D castle that you can assemble yourself, with moving traps and rolling bullets. There have been rumours of strange happenings in the castle for years. You go investigating as paranormal detectives. And what turns out, it is all true. You accidentally wake up a vengeful ghost, who goes after you. You try to escape from the ghost lock as quickly as possible, but traps block your route everywhere. Will you be the first to reach the exit? Take turns rolling the dice and planning the best route towards the exit. However, if you land on a space in the danger zone, the ghost comes into action and activates one of the many traps. Are you hit by a bullet or kicked over by the bookcase? Then you take a few steps back in terror! The player who reaches the exit first wins the game. Spookslot is very suitable for families with children.

Suggested Age: 7-9 years

34

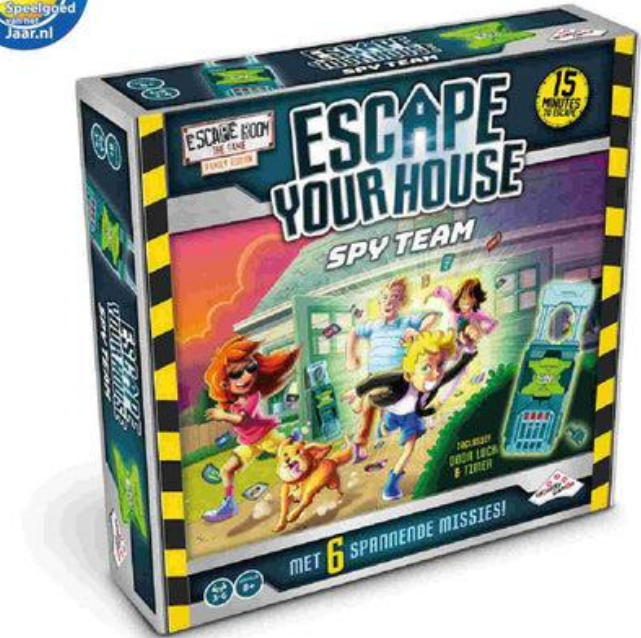

In Dixit, you play with beautifully illustrated, large playing cards. On your turn, you say something about one of the cards in your hand. You can tell something, sing or rhyme, whatever you like. Then the other players choose a card from their hand that best matches what the narrator has said. The chosen cards are shuffled together with the original card. They are then turned face up and the players have to guess which is the original card. This unique game is suitable for the whole family and has already won many awards.

Suggested Age: 7-9 years

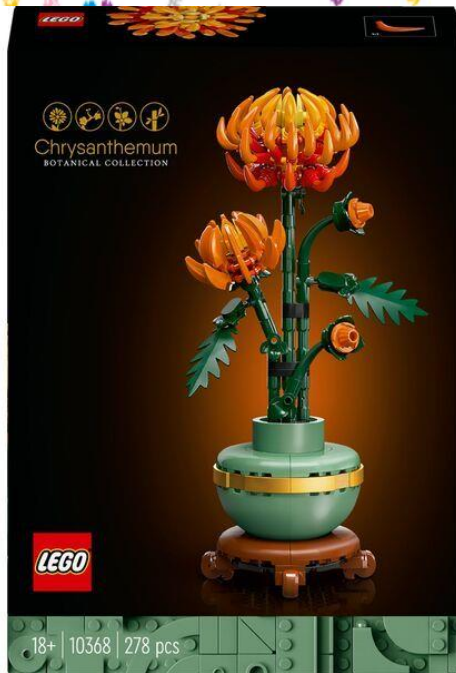

35

Take on the challenge in 6 exciting and unique missions! In each mission, you have 15 minutes to escape from your house. Work together to solve the puzzles left throughout the house so that you can eventually find the 'Master Key' to the 'Super Lock'!
